Greetings Troopers,

I'd want to welcome all association members, affiliates, and honored guests to the 159th reunion of the 9th and 10th Horse Cavalry held in sunny Tucson, Arizona, held from July 20th through the 26th of 2025. I hope that your experience is both pleasurable and memorable.

Arizona is significant in the history of the Buffalo Soldier. While Arizona is not where the regiments were originally mustered; it has Fort Huachuca that holds the unique designation of having all Buffalo Soldier units pass through there at different periods in history, including the 10th Cavalry being the garrison regiment in 1913, later being replaced by the 25th Infantry in 1933. The presence of the Buffalo Soldiers was felt throughout Arizona from the Navajo Nation in the northeast to Nogales in the southwest with the three main camps being Camp Litta, Camp Naco, and Fort Huachuca.

This year, we would like to welcome a pilot project for the Buffalo Soldier Corpse Corps. I, for one, am extremely excited about this project because, as stated on the association website, our mission is to "perpetuate, educate and celebrate this rich history and legacy". Our history is not just "Black History", nor can it be categorized as simply "Military History". The history of the Buffalo Soldier is an American History. The westward expansion of the United States would not have been possible without the effort and dedication of these very honorable soldiers. It is a history deserving of remembrance and that necessitates ensuring that our younger and future generations are made aware that they are the legacy of this history.

It is our pleasure to be your hosts and our dedication to providing you with an entertaining and safe experience. To that end, I would like to remind all of you who are unaccustomed to Southern summers to drink water both before you embark on your journey to Arizona and for the duration of your stay.

Thank you for joining us and enjoy your stay,

Lee O. Easter, III

President
